O/RR Diary, 28 May 1951 (AD/RR information unless otherwise stated)

AD/RR: The AD/RR and [] attended meeting of the NSC Special Committee on East-West Trade. Purpose was to consider staff work required for the NSC in connection with implementation of Section 1302 (Kem Amendment), Third Supplemental Appropriation Bill, 1951. It was decided that studies of the trade of three or four countries with the Soviet bloc would be developed; in each case a brief is to be developed showing the adverse effects on United States security that would result from cutting off economic aid. Exceptions from application of the denial-of-aid provisions of the Kem Amendment will be recommended in each case, and pending further country-by-country studies, a general exception will be recommended for all other countries receiving aid. A drafting committee, consisting of representatives of State, Commerce, ECA, and Defense, was appointed to prepare the papers. It was agreed that CIA would not be asked to prepare an intelligence estimate at this time. (2 1/2 hrs) (25 May)
